Costa Rica
Enhancing Students Global Experience: Agriculture in Costa Rica
May 12 – May 25, 2018

Program Information
The trip is designed to provide a mix of scientific learning, cultural experiences, and direct interactions with local people. During their stay in Costa Rica, students will visit Agricultural Experiment Stations, a wide array of small-landholder and commercial farms, and the preeminent University of Costa Rica. They will also experience several of the country’s major cultural attractions such as the Arenal volcano, leatherback turtle sanctuaries, and popular whitewater rafting and snorkeling attractions.

Eligibility Requirements
- Junior/Senior status
- Positive evaluation from personal interview by program directors
- Signed code of conduct agreement
- GPA 3.0 or higher
- Ability to walk several miles.
- Ability to withstand hot, dry conditions.
- Ability to tolerate high altitudes
- Ability to swim, if going rafting or snorkeling
- Pass health exam for international travel

Course Credits
