Local Scholarships

- College of Agriculture & Life Sciences (CALS) Sponsored Scholarships
- Jeff Zimpleman - International Sister State Scholarship
- Waltz Affordability Scholarship
- Financial Aid
- Departmental scholarships
- ISU student affairs scholarships

Nationally Competitive Scholarships

- American-Scandinavian Foundation Fellowships and Grants
- Benjamin Gilman International Scholarship
- Boren Awards
- Bridging Scholarship for Study in Japan
- BUTEX
- Congress-Bundestag Youth Exchange
- Critical Language Scholarship
- Cyril Taylor Memorial Scholarship
- Delta Phi Alpha Scholarship
- Diversity Abroad scholarships
- Freeman Asia Scholarship
- Fulbright U.S. Student Program
- Fund for Education Abroad
- Generation Study Abroad
- German Academic Exchange Service (DAAD)
- Global Korea Scholarship
- Inclusive Ireland Scholarship
- Phi Kappa Phi Study Abroad grants

CALS PASSPORT REIMBURSEMENT:

You are eligible for a scholarship that will reimburse you for the cost of your new passport if you

- are a student in the College of Agriculture & Life Sciences
- have applied for a study abroad program, and
- are applying for your first, ever passport
  - If you are renewing your passport or have had a minor passport, you are not eligible

How to Search for Scholarships

You will find study abroad scholarships* on ISUAbroad website, which also houses your program applications. To find scholarships:

1. Go to isuabroad.iastate.edu
2. Click on "Scholarships and Financial Aid"
3. Choose between Other Scholarships, ISU Scholarships, and ISU Financial Aid

*Additional scholarships through departments and student services may be available in OneApp
### Program Types

#### Exchange:
- **Exchange Cost**: Pay ISU tuition and fees
- One semester, one summer or one year options available
- Enroll in courses at a university abroad and transfer those credits back to ISU
- Step out of your comfort zone and immerse yourself in another culture and place

#### Semester-Long:
- **Semester Long Cost**: Pay a program fee
- One semester, one summer or one year options available
- Enroll in courses at a university abroad and transfer those credits back to ISU
- Step out of your comfort zone and immerse yourself in another culture and place

#### Travel Course:
- 8 days to 6 weeks
- ISU course with international field trip
- Travel takes place during school breaks
- Travel with your faculty and friends, class sizes vary from 8-30 students
- Enrich your academic learning through field visits, tours and sightseeing

### Programs:

#### Germany:
- University of Hohenheim

#### Poland:
- Wroclaw University of Environmental and Life Sciences

#### Brazil:
- Federal University of Vicosa

#### Ireland:
- University College Dublin

#### The Netherlands:
- Wageningen University
- University of Costa Rica
- France: Agro3
- Argentina: University of Buenos Aires

#### France:
- University of Natural Resources and Applied Sciences
- Belgium: KU Leuven

#### Greece:
- Perrotis College/the American Farm School
- US Virgin Islands: EARTH Service Learning program
- Semester Along the Nile: Service Learning in Uganda

#### US Virgin Islands:
- EARTH Service Learning program

#### Semester Along the Nile:
- Service Learning in Uganda

#### Australia:
- University of Tasmania

#### New Zealand:
- Massey University

#### Wales:
- Swansea University

#### Ireland:
- University College Cork

And more!

### Opportunities through the Study Abroad Center:
- Australia: University of Tasmania
- New Zealand: Massey University
- Wales: Swansea University
- Ireland: University College Cork

**Dean’s Global Food and Agriculture Leadership Program, Rome**
Tentative Upcoming Travel Courses

Winter 2022-23

- Business Development Study Trip in Brazil & Argentina

Spring 2023

- Spring Break
  - Agricultural Production, Business and Trade in Australia
  - Soils, Crops, and Natural Resources of Costa Rica
  - Integrated Management of Tropical Crops - Costa Rica
  - Caribbean Marine Biology (Honduras)
  - Service Learning Trip to Uganda
  - BREXIT - History, Political Implications and Possible Outcomes (United Kingdom)

May

- Food, Culture and Agriculture (Greece & Italy)
- Wildlife Conservation in Tanzania
- Horticulture in the UK (United Kingdom)

Summer 2023

- Cathedrals, Castles, Culture and Cuisine - Sustainable, Safe & Nutritious Food (France)
- Creating a School Garden: Service Learning in Uganda
- Dean's Global Agriculture and Food Leadership Program: Rome, Italy

Winter 2023-24

- Natural History of Antarctica
BUSINESS DEVELOPMENT STUDY TRIP IN BRAZIL & ARGENTINA

ABOUT THIS PROGRAM:

Students will act as a consulting team for three to four early stage U.S agricultural technology businesses, assessing the market potential for their products in Brazil and creating a roadmap for developing their businesses there. They will interact heavily with the agricultural technology businesses, government and trade organizations, and Brazilian agricultural businesses and farms. The students will apply their knowledge to the final deliverable, a business development analysis for each agricultural technology business for Brazil. Class meets during the Spring 2023 Semester.

COURSE DETAILS:

Start Something
Econ 496

PROGRAM DIRECTORS:

Kevin Kimle - kimle@iastate.edu
Marcie Fahn - marcies@iastate.edu
Emma Ehlers - ejehlers@iastate.edu

COST:

Includes
- Program Fee:
  - $5,500 (covers roundtrip airfare, lodging and in-country arrangements)
    - $50 (study abroad admin fee)
    - $19 (international health insurance)

Additional out of pocket expenses may apply

APPLICATIONS: DUE SEPTEMBER 16

APPLY AT AGSTUDYABROAD.IASTATE.EDU

Questions? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall
ABOUT THIS PROGRAM:
Students will analyze production agriculture (a typical farm or ranch), business and trade in Australia and compare them with respect to the USA. Pre-departure orientation will familiarize students with the history, culture, politics, geography, soils, agriculture, economy, and trade of Australia. Class meets during spring semester.

COURSE DETAILS:
Agronomy, Economics
Agron 496, Econ 496 ; 3 credits total (2 credits Agron and 1 credit Econ, or 2 credits Econ and 1 credit Agron)

PROGRAM DIRECTORS:
Ebby Luvaga - luvaga@iastate.edu
Sergio Lence - shlence@iastate.edu
Marshall McDaniel - marsh@iastate.edu

COST:
Includes
- Program Fee:
  - $4,800 (covers some meals, roundtrip airfare, lodging and in-country arrangements)
  - $50 (study abroad admin fee)
  - $18 (international health insurance)

Additional out of pocket expenses may apply

CARIBBEAN MARINE BIOLOGY IN ROATAN, HONDURAS

ABOUT THIS PROGRAM:

This program provides students with a unique field marine biology experience. The seminar portion of the course involves lectures on coral reef biology. The field trip portion of the course will involve on-site lectures at the Roatan Institute for Marine Sciences (RIMS) by local experts and extensive diving/snorkeling activities in a variety of marine habitats on the world's second largest barrier reef system.

COURSE DETAILS:

**Biology**
BIOL 394 A, BIOL 394 B

PROGRAM DIRECTORS:

Don Sakaguchi - dssakagu@iastate.edu
Jeanne Serb - serb@iastate.edu

APPLICATIONS: **DUE OCTOBER 17**

APPLY AT AGSTUDYABROAD.IASTATE.EDU

COST:

Includes
- Program Fee:
  - $3,500 (covers roundtrip airfare, lodging, in-country arrangements, RIMS Marine Biology Program and diving and snorkeling.)
  - $50 (study abroad admin fee)
  - $15 (international health insurance)

Additional out of pocket expenses may apply

Questions? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall
CATHEDRALS, CASTLES, CULTURE AND CUISINE—SUSTAINABLE, SAFE & NUTRITIOUS FOOD IN FRANCE

ABOUT THIS PROGRAM:

Students will learn about the development of sustainable systems to produce food (both in the US and in France), and will have many opportunities to experience French cuisine and French culture as related to food, and will obtain different perspectives in terms of diet, food production, food preparation, food consumption, and the major role of food in French culture. Students will also be immersed in French history, and will understand how cathedrals and castles have been, and continue to be, key to French culture and cuisine.

COURSE DETAILS:

Agricultural and Biosystems Engineering, Food Science and Human Nutrition
ABE 496, FSHN 496, FSHN 596

PROGRAM DIRECTORS:

Kurt Rosentrater- karosent@iastate.edu

SOILS, CROPS AND NATURAL RESOURCES OF COSTA RICA

ABOUT THIS PROGRAM:
This study abroad program will explore agricultural systems, natural resources, and resource management in Costa Rica. Historical and cultural aspects will also be included in discussions. Stops will include interactions with many farmers who have a history with this ISU course-coffee, highland fruits, organic vegetables, sugarcane, pineapple, and chocolate production.

PROGRAM DIRECTOR:
Amber Anderson - amberand@iastate.edu

COURSE DETAILS:
Agronomy, Globe
Agron 496, Globe 496

SERVICE LEARNING TRIP TO UGANDA

ABOUT THIS PROGRAM:
This program to Uganda will offer students the opportunity to become familiar with the ISU programs and enable students to directly contribute to improving the quality of life of the people of Kamuli, particularly women and children. Students will spend several days working at primary schools and with local communities in the Kamuli District.

PROGRAM DIRECTORS:
Richard Schultz - rschultz@iastate.edu
Dorothy Masinde - masinde@iastate.edu

COURSE DETAILS:
Globe, NREM
Globe 496, NREM 496
**BREXIT - HISTORY, POLITICAL IMPLICATIONS AND POSSIBLE OUTCOMES - UNITED KINGDOM**

**ABOUT THIS PROGRAM:**

The trip during Spring Break 2023 will offer an opportunity to explore the history and government of the United Kingdom. During the class time before the trip, students will discuss the history of the European Union, the history of the United Kingdom, the vote for the exit, and the implications for the United Kingdom.

**COURSE DETAILS:**

- Economics
  - ECON 496

**PROGRAM DIRECTORS:**

- Joshua Rosenbloom - jrosenb@iastate.edu
- Darin Wohlgemuth - darinw@iastate.edu

---

**GREECE AND ITALY: FOOD, CULTURE & AGRICULTURE**

**ABOUT THIS PROGRAM:**

This course provides students with a guided exploration of food, culture and agriculture in two Mediterranean countries (Italy and Greece). It exposes students to food systems from production to distribution, to marketing, and policies and regulations associated with the European Union. Overall, the program takes a systems perspective in understanding the interactions among agriculture, food and culture, including an historical perspective looking back over 2000 years.

**COURSE DETAILS:**

- Globe, Agronomy
  - GLOBE 496, AGRON 496 or AGRON 596

**PROGRAM DIRECTORS:**

- David Acker - dacker@iastate.edu
- Sotirios Archontoulis - sarchont@iastate.edu
- Cintia Sciarresi - cscia@iastate.edu

**MAY TRAVEL 2023**
WILDLIFE CONSERVATION IN TANZANIA

ABOUT THIS PROGRAM:
Introduce students to the natural history of Tanzania with an emphasis on diverse habitats ranging from dry savanna to tropical rain forest. This will include visits to several national parks and game reserves that encompass different ecosystems.

COURSE DETAILS:
Natural Resource Ecology and Management
NREM 496

PROGRAM DIRECTORS:
Stephen Dinsmore - cootjr@iastate.edu
Julie Blanchong - julieb@iastate.edu

DEAN’S GLOBAL AGRICULTURE AND FOOD LEADERSHIP PROGRAM: ROME

ABOUT THIS PROGRAM:
This integrated production and policy program will allow students to gain valuable knowledge, skills and abilities with respect to global agricultural production, resources and food issues. Students will combine coursework conducted at ISU and on-site work with professional teams in Rome to explore real-world projects focused on global food and agriculture issues. Students will work with professionals at the United Nations’ Food and Agriculture Organization (FAO). Students will present their findings to FAO at the end of the program.

COURSE DETAILS:
Globe
Globe 495, Globe 497

PROGRAM DIRECTORS:
Shelley Taylor - sztaylor@iastate.edu
Carmen Bain - cbain@iastate.edu
Steven Lonergan - slonerga@iastate.edu
Elisabeth Lonergan - elonerga@iastate.edu
CREATING A SCHOOL GARDEN: SERVICE LEARNING IN UGANDA

ABOUT THIS PROGRAM:
This service learning program allows Iowa students to work in Uganda developing school gardens for elementary schools in the Kamuli District. Students will develop school gardens and work with teachers in grades 1-7 to deliver curricula in food and agriculture, integrated science, and nutrition, while using the gardens. ISU students will work with CSRL staff in Uganda, ISU faculty and with students and faculty from Makerere University.

COURSE DETAILS:
Globe
Globe 490, Globe 494, Globe 495

PROGRAM DIRECTORS:
Gail Nonnecke - nonnecke@iastate.edu

NATURAL HISTORY OF ANTARCTICA

ABOUT THIS PROGRAM:
Students will travel to Antarctica through Ushuaia, Tierra Del Fuego, Argentina. They will spend 12 days on a ship exploring the Weddell Sea, Antarctic Peninsula and the South Shetland Islands. Throughout the duration of the trip, while on the ship and during daily excursions to the continent, expedition leaders and lecture staff will guide students in viewing wildlife like whales, a huge variety of seabirds, penguins, and seals. Students will explore the icebergs, mountains and waterways of Antarctica's geography.

COURSE DETAILS:
NREM
NREM 496 (fall semester class)

PROGRAM DIRECTORS:
Julie Blanchong - julieb@iastate.edu
Steve Dinsmore - cootjr@iastate.edu
Explore all that the United States of America has to offer from Coast to Coast through the new "Study USA" programs! These programs provide undergraduate students the opportunity to learn about diverse cultures, food and agriculture systems, natural resources and life sciences within the U.S. The programs will be led by faculty within the College of Agriculture and Life Sciences and students will earn credit for their participation. Students of any college and major are encouraged to apply for a program.

U.S. PACIFIC ISLANDS - MAY 2023
GUAM & HAWAII

ABOUT THIS PROGRAM:
Students will learn about the history, culture, agriculture, emergency preparedness, and environment of Guam. The Spanish, Asian, and U.S. influence have shaped the Chamorro Culture in Guam. Students will learn about the island’s agriculture and public health systems. Additionally, students will meet with local experts on how climate change may impact Guam's natural habitats and ability to be prepared for natural disasters such as drought and tsunamis. On our way to Guam we will stop in Hawaii for 5 days to meet with Hawaii Public Health Systems and University of Hawaii West Oahu and learn about health disparities.

COURSE DETAILS:
Globe
Globe 496

PROGRAM LEADERS:
Betsy Matos  - bmatos@iastate.edu
Maggie Sprecher  - msprech@iastate.edu

Questions? Contact respective program leaders.
ABOUT THE PROGRAM

- Semester-long program (everyone pays the same tuition fees)
- Iowa State and Makerere University students partner on service learning projects
- Students take a trip to Lake Mburo National Park

KEY POINTS

- CALS students only
- Completed GLOBE 201 and previous international experience
- Students must be in good academic standing
- Sophomore and above class standing
- Go for the fall, spring, or summer semesters

Want to learn more? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall
ABOUT THE PROGRAM

- Assist with EARTH program outreach
- Students can explore the U.S. Virgin Islands’ ecosystems and National Park during scheduled activities and free time.
- There’s an Underwater National Park off the coast of St. John

KEY POINTS

- 2.0+ GPA
- Interview with program directors, coordinators, and assistants
- Background check (for working with minors) and driving check
- Go for the fall, spring, or summer semesters

Want to learn more? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall
ABOUT PERROTIS COLLEGE

- The only American-founded Ag/Tech College in Greece
- Perrotis is a great combination of accessible city-life with a rural campus-life
- Greece is home to 18 UNESCO World Heritage Sites

MAJORS FOR THIS PROGRAM:

- Ag Business
- Animal Science
- Agronomy
- Biochemistry
- Biology
- Environmental Science
- Environmental Studies
- FSHN Majors
- Horticulture
- and more!

KEY POINTS

- Only CALS students may attend
- 2.5+ GPA
- All courses are available in English
- Study for the fall, spring, or summer semesters, or stay for the academic year
- Internship opportunities available (summer)

Want to learn more? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall

agstudyabroad.iastate.edu
UNIVERSITY OF HOHENHEIM
Stuttgart, Germany

ABOUT HOHENHEIM

- Oldest university in Stuttgart
- Agricultural research ranked #1 in Germany and among the best in the world
- 20-30 minutes to the airport and autobahn

KEY POINTS

- Both CALS and COE students may attend
- 3.0+ GPA
- Master's-level classes in English; Bachelor-level classes in German (Note: Master's-level classes are often do-able for academically-strong individuals)
- Spring semester is the best semester to study because of academic calendar

COURSES IN MAJORS FOR THIS PROGRAM:

- Ag Education
- Ag Business
- Ag Communication
- Animal Science
- Ag Systems Technology
- Agronomy
- Biochemistry
- Biology
- Environmental Science
- FSHN Majors
- Horticulture
- Industrial Technology
- and more!

ABOUT BUENOS AIRES (UBA)

- Considered the most prestigious university of Iberian-America
- UBA is responsible for roughly 40% of the country's research output
- Argentina's Mendoza Region is one of the biggest wine producing areas in the world

MAJORS FOR THIS PROGRAM:

- Ag Business
- Animal Ecology
- Animal Science
- Ag Systems Technology
- Agronomy
- Biology
- Environmental Science
- Environmental Studies
- FSHN Majors
- Horticulture
- Industrial Technology
- and more!

KEY POINTS

- Open to any student at Iowa State University
- 3.0+ GPA
- All classes are offered in Spanish (B1+ Level)
- Study for the fall or spring semesters, or stay for the academic year

Want to learn more? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall
UNIVERSITY OF NATURAL RESOURCES AND APPLIED LIFE SCIENCES (BOKU)

Vienna, Austria

ABOUT BOKU

- One of the best universities for sustainability in Europe
- Vienna technically sits in two different climate zones
- The Vienna International Airport (Wien-Schwechat) is less than an hour by bus/train

KEY POINTS

- Both CALS and COE students may attend
- 3.0+ GPA
- Master's-level classes in **English**; Bachelor-level classes in **German** (Note: Master's-level classes are often do-able for academically-strong individuals)
- **Spring semester** is the best semester to study because of academic calendar

Want to learn more? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall

agstudyabroad.iastate.edu
ABOUT VICOSA

- Considered the main Brazilian university in agriculture
- UFV is ranked among the 100 best universities in the world in the areas of Agriculture and Forestry

KEY POINTS

- Both CALS and COE students may attend
- 3.0+ GPA
- All courses are taught in Portuguese and this is attainable for students who take 1-2 years of Portuguese
- Study for the fall or spring semesters, or stay for the academic year

Want to learn more? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall
ABOUT COSTA RICA

- One of the top research institutions in Central America and has the largest academic offer in the country
- There is a sloth sanctuary nearby in San José
- Costa Rica has 5% of the world’s biodiversity

MAJORS FOR THIS PROGRAM:

- Ag Business
- Animal Ecology
- Animal Science
- Agronomy
- FSHN Majors
- and more!

KEY POINTS

- 3.0+ GPA
- All classes are taught in Spanish
- Intensive Spanish courses are offered to exchange students
- Study for the fall or spring semesters, or stay for the academic year

Want to learn more? Contact Jodi Cornell at jcornell@iastate.edu or stop by 0018 Curtiss Hall
FRANCE AGRO³

Angers, Lille, Lyon, Toulouse (France)

ABOUT AGRO³

- Consortium made up of 4 French universities
- Areas of expertise in agronomy/agro-ecology, food sciences, rural Development, and animal sciences
- France is the world’s most popular tourist destination

COURSES IN MAJORS FOR THIS PROGRAM:

- Ag Business
- Animal Science
- Animal Ecology
- Agronomy
- Biochemistry
- Biology
- Environmental Science
- Environmental Studies
- FSHN Majors
